Southwest Michigan Regional Prosperity Initiative

Prosperity Committee

September 3, 2015   **2:30** – 4:30 p.m.

New Start Time

Agenda

2:30 p.m.   Opening and welcome (Ben Damerow, Chair)

Action Items

1. Adopt minutes from August 6 meeting

2. Adopt recommended Infrastructure project areas as presented at August 6 Committee meeting (lacked quorum)

Information Item

1. Update on proposed *BusinessU* software (John Egelhaaf)

Discussion Items

2. Updates on state projects with RPI requirements (All)

3. Formal subcommittee structure and guidelines/criteria for project selection and funding (Lee Adams)

3:00 p.m.   Action Items

4. Approve for funding the *Community Development* and *Education* projects as recommended by the respective subcommittees (Lee Adams and John Egelhaaf)

5. Adopt all updated RPI goals and opportunities

3:40 p.m.   Discussion Items

6. Review first draft of Prosperity Plan - Volume 2 (Becky Harvey)

7. Review draft of RPI dashboard (John Egelhaaf)

4:25 p.m.   Next Steps

- October 1: Adopt the Prosperity Plan - Volume 2

4:30 p.m.   Adjourn (Ben Damerow, Chair)

Highest Priority areas as Determined by the Infrastructure Subcommittee

Top Tier
- Region-wide recycling
  - Create a region-wide solid waste master plan and/or a region-wide recycling plan
  - This project could also include coordination of recycling strategies and programs among communities in SW MI.
- Regional Trail Support
  - This project idea was mostly focused on the KRVT but could also include trails that tie into or expand our regional trail system (KRVT, Kal-Haven, Van Buren Trail, etc).
  - This was indented as simple monetary support for shovel ready projects.

Second Tier
- Telecommunication (mostly broadband)
  - Identify telecommunication gaps and help to fill them
  - This could empower many to pursue higher levels of education or employment opportunities. It could also enable telemedicine.
- Encourage funding for the expansion of I-94
  - Evaluate the economic impact of the current capacity of I-94 and contrast that with the economic impact of an expanded I-94.
  - Lobby local, state, and federal officials and legislator for funding.
- Map the water and sewer systems in SW MI
  - Create a digital inventory of the sewer and water systems in SW MI.
  - Potentially include capacity in the maps.

Project Selection Criteria and Weighting

Points	Criteria
25	Geographic Scope (Subset of a County=0 points,1 County=3, 2=6, 3=10, 4=15, 6=20, 7=25)
20	How well does the project accomplish the area of focus selected by the Committee?
15	Potential for early success to build momentum. Does the project link to a larger effort?
10	Supports Regional Collaboration (the number and geography of the project partners)
10	How significant could the impact of the project be (ROI)?
10	Does the project represent **innovation** in scope or efficiency?
5	Access to funding. Are enough funding sources available to complete the project?
5	Organizational Capacity
100	

5-YEAR PROSPERITY PLAN
SOUTHWEST MICHIGAN PROSPERITY REGION **VOLUME 2**

Table of Contents

SOUTHWEST MICHIGAN REGIONAL PROSPERITY INITIATIVE
Prosperity Committee

September ___, 2015

We of the Southwest Michigan Prosperity Region 8 – RPI Collaborative are pleased to offer forth Volume 2 of our 5-Year Prosperity Plan. Volume 2 is the byproduct of continued collaboration among the partners of Region 8, and is our platform for demonstrating our efforts in collaborative decision-making in 2015. Volume 2 articulates action strategies developed to drive economic prosperity within our Region and announces the regionally-significant projects selected for funding by the RPI in 2015.

The Regional Prosperity Initiative (RPI) grant offered us a unique opportunity to work together as a 7-county region to identify our strengths and to lay out a course to promote prosperity in southwest Michigan. In our second year as a Collaborative, the partners of Region 8 were determined to continue on the path to building trust and familiarity, aligning shared assets, and establishing the foundation for a long-term working relationship. The feather in our cap is certainly the progress made in the allocation of funds toward action focused on the prosperity of Region 8.

Our successes this year in gaining participation in the process by an expanded partnership and working as a region to both select and fund projects that are important to the success of the region . . can be attributed to the hard work of the Collaborative in Year 1 to meet the objectives of a new and evolving initiative . . and the persistence in Year 2 to 'keep the ball rolling'.

The Collaborative believes in the premise of empowering locals to drive economic investment. We also believe that this investment will lead to greater quality of place and increase business and talent attraction. We understand that when leaders in the business development, talent development and infrastructure development communities unite, a comprehensive economic development strategy can be realized.

The Region 8 – RPI Collaborative commits to continuing our work of regional collaboration to ensure that available resources are targeted where they will have the greatest impact possible for job creators and residents.

Respectfully,

Ben Damerow, Chair
Region 8 – RPI Collaborative

Michigan is an economic success story that would not be possible without collaboration by public, private and nonprofit sectors. Our shared accomplishments during the past two years underscore the need to work in partnership toward a common vision of economic prosperity. That is the goal of Governor Rick Snyder's Regional Prosperity Initiative.

— Regional Prosperity Initiative Website

2

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

5-YEAR PROSPERITY PLAN · VOLUME 2
SOUTHWEST MICHIGAN PROSPERITY REGION   3

There are many anecdotal examples from around the nation (and the world) where university and community college partnerships were critical to the successes of regional economic development projects.... (including relationships with workforce development entities and knowledge-based businesses)

The biggest challenge for regions is to get all of the stakeholders to the table and talking with each other on a monthly basis....

Regional Reinvention in Michigan, *Planning & Zoning News*

RPI
2014 & 2015

2015 - Region 8 qualified and received funding to continue as a Regional Prosperity Collaborative for a second year. Having already met the Tier 1 requirements for both 2014 and 2015, the following Year 2 work plan was initiated:

. . . Expand participation in the Collaborative;

. . . Formalize the structure of the Collaborative for decision-making;

. . . Provide greater detail to adopted regional goals/ opportunities;

. . . Adopt action strategies and select/fund specific projects for each Plan goal;

. . . Expand the regional asset inventory;

. . . Upgrade the regional dashboard in alignment with recently established parameters.

2014 Region 8 qualified and received funding as a Regional Prosperity Collaborative and successfully met the Tier 1 requirements of the RPI

. . . Must include regional representatives from adult education, workforce development, economic development, transportation, and higher education organizations.

. . . Must develop a 5-Year Regional Prosperity Plan - - and adopt the Plan by a 2/3 vote of the Collaborative.

. . . Must develop a performance dashboard and annual measurable goals.

. . . Must meet standard accountability and transparency requirements.

Additional 2014 Achievements:

. . . **Timeliness:** Completed the Tier 1 requirements by the grant established deadline

. . . **Accountability/Transparency:** well-attended and documented monthly meetings by the Collaborative

. . . **Collaboration:** a significant and tangible move from January through December toward thinking and acting as a single entity

. . . **Energy:** unanimous support of the 5-Year Prosperity Plan and a Year 2 plan of action

2015 REGIONAL PROSPERITY INITIATIVE

. . . a boilerplate section was added by the legislature to 252 PA 2014 to guide the Regional Prosperity Initiative into the future

. . . Section 890 largely maintains the requirements of the program, with updated requirements for previous grant recipients

. . . authorizes the DTMB to implement an application process and method for grant distribution

2014 REGIONAL PROSPERITY INITIATIVE

. . . signed into law as part of the FY 2014 budget (59 PA 2013)

. . . a voluntary competitive grant process offered to existing State Designated Planning Regions and Metropolitan Planning Organizations

. . . designed to encourage local private, public and non-profit partners to create vibrant regional economies

2014
2015

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

Year of Accomplishments

Beyond the required deliverables of the 2014 grant, Region 8 moved deliberately through 2015 with a focus on collaboration and targeted action that resulted in a year of progress and achievement.

1 ENHANCED COLLABORATION

2 ASSET INVENTORY

3 PROJECT SELECTION

4 2015 PROJECTS

5 RPI DASHBOARD

2015

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

Before the ink was dry on Volume 1 of the 5-Year Prosperity Plan, Region 8 had established an agenda for 2015 that would expand the Collaborative; involve more regional partners in the decision-making process; put regionally significant projects on the table; and, move our regional economic strategies forward.

2015 Time Line

2014

2014 — ESTABLISHED REGION 8 PROSPERITY COLLABORATIVE

2014 — ADOPTED REGION 8 PROSPERITY PLAN

2014 — CONSTRUCTED BASIC DASHBOARD FOR REGION 8

2015 — GROWTH OF RPI COLLABORATIVE

2015 — BUILDING A REGIONAL ASSET INVENTORY

2015 — PROJECT AREA IDENTIFICATION AND PRIORITIZATION

2015 — PROJECT SELECTION AND FUNDING

2015 — CONTINUED CONSTRUCTION OF REGIONAL DASHBOARD

2015

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The growth of the RPI Collaborative was multi-dimensional. Consistent with the evolving parameters of the Regional Prosperity Initiative, the sectors represented on the Collaborative Committee expanded. On a separate level, formal structure was given to the Collaborative Committee to allow effective decision-making. And in an act of fortitude, the Committee established a Subcommittee Process effectively expanding regional partner participation and resulting in informed project selection.

Growth of RPI Collaborative

2016

2015

Expansion of RPI Collaborative from 5 Sectors to 16 Sectors

Addition of New Sector Representatives to Collaborative

Election of Officers of the Collaborative

Adoption of Bylaws for the Collaborative

Use of Regional Partners in Subcommittee Structure

Use of the Regional Partner Subcommittee in the Project Selection Process

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

Expansion of RPI Collaborative

The Collaborative Committee was active in the partnership expansion effort and fully supported the Subcommittee's role in the decision-making process.

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The Subcommittee Process was used to help build an inventory of regional assets relating directly to the goals of the 5-Year Prosperity Plan. The Subcommittee developed the surveys and served as champions of the process to compile the needed information.

The Regional Asset Inventory was used to identify gaps and direct the selection of regionally-significant projects designed to further the goals and economic strategies in the Plan. The Inventory was also tapped to inform the Regional Dashboard.
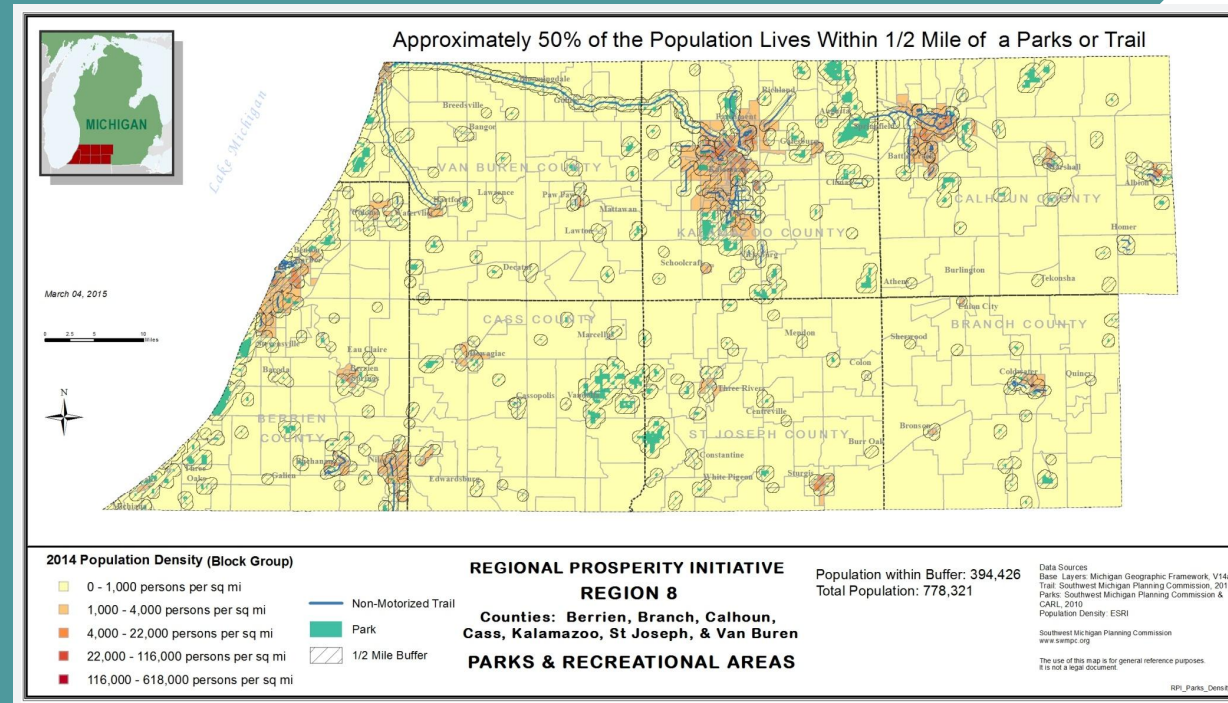

Building of Regional Asset Inventory

2016

Building Inventory of Regional Assets related to Community Development, Education, Infrastructure, and RPI Strategies

Westside Recycling & Disposal	37,735,372	376,392	115	100

PROJECT:

Create a region-wide recycling plan . . including the coordination of recycling strategies/programs among southwest Michigan communities.

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The Subcommittee Process was also effectively used to involve regional partners in the project selection process.

2016

2015

Project Selection

Collaborate to form Subcommittees that consist of Regional Partners related to each Prosperity Plan Goal (Community Development, Education, Infrastructure, RPI Strategies)

Regional Partner Subcommittees Review and Strengthen Prosperity Plan Goals/Opportunities

Regional Partner Subcommittees Generate and Prioritize Regionally Significant Project Areas

RPI Collaborative Selects Priority Project Areas

Regional Partner Subcommittees Request Letters of Interest (LOIs) and Generate Requests for Proposals (RFPs) for Regionally Significant Projects within Priority Project Areas

RPI Collaborative Approves Funding for Selected Regionally Significant Projects

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The Subcommittee provided depth and expertise in the refinement of the goals and opportunities set forth in Volume 1- Prosperity Plan.

Revised Goals/ Opportunities

COMMUNITY DEVELOPMENT

Improve the livability of our region's communities to attract and retain talented workers

1. **Create a more diversified transportation system**
   - Create walkable neighborhoods
   - Encourage new transportation patterns that support efficient multi-model transportation options
   - Support community development that is transit-oriented

2. **Encourage development of additional recreational opportunities and amenities**
   - Encourage the development of additional public spaces in urban, suburban, and rural environments
   - Promote existing and support development of new trails and natural areas (e.g., parks, recreation areas, rivers, and lakes)

3. **Encourage increased access to housing options regarding density, cost, style and location**
   - Region-wide Target Market Analysis (better data for that demonstrates the desires of seniors and millennials)
   - Mock real estate development
   - Education for developers and financiers (housing and demographic trends, community desires)
   - Education for community leaders (demolition, land use and zoning, code enforcement)

4. **Support sustainable development**
   - Develop infrastructure that can be sustained financially and environmentally over the long term
   - Maintain or improve environmental quality

EDUCATION

Promote talent development and retention to encourage growth and sustainability in all facets of the local economy

1. **Promote accessibility and opportunities to participate in education and skilled training programs**
   - Tailor programs to market demands

2. **Promote the coordination, and encourage a larger number, of in internships, apprenticeships, across the region and across the continuum of learners**
   - Regional clearinghouse and website that publicly houses internship/apprenticeship opportunities
     a. MI internship/apprenticeships website (June ?, 2015)
     b. College, secondary education and under-skilled workers
   - Webpage with links to existing opportunities
   - Inventory existing opportunities
   - Connect interns to job opportunities

3. **Encourage a culture of learning**
   - Provide opportunities for all learners
   - Encourage, and promote the personal and regional economic benefits of, lifelong learning
   - Promote digital literacy

4. **Encourage infrastructure development and interconnectivity to better support education, training, and employment**
   - Increase mobility: transit and non-motorized
   - Increase access to technology: broadband and access to equipment

5. **Support work of existing organizations in the following areas:**
   - Adult education
   - Credential acquisition
   - Career exploration
   - Functional literacy
   - Skilled trades
   - Employers

INFRASTRUCTURE

Encourage expansion and improvement of regional infrastructure

1. **Advance the effective and efficient transportation of goods**
   - Support regionally impactful infrastructure opportunities for the movement of freight (e.g., completion of US-31, US-131 BR/US-131 Interchange Upgrade, three lanes of traffic on I-94 through the region)
   - Recognize intermodal freight transportation opportunities (e.g., rail transportation, reliever port for Chicago and Detroit)
   - Promote maintenance and improvement of the freeway system and connecting roads
   - Promote maintenance and improvement of state and local roads
   - Encourage aviation to better support business
   - Take advantage of our existing water infrastructure along the Lake Michigan shoreline for the transportation of freight (e.g., freight harbors on Lake Michigan)

2. **Advance the effective and efficient transportation of people**
   - Promote maintenance and improvement of the existing freeway system and connecting roads
   - Encourage passenger rail as a viable transportation option for inter and inner regional movement
   - Encourage aviation to better support passenger transportation
   - Promote coordination of regional mass transportation (e.g., use existing transportation asset inventory)
   - Promote non-motorized transportation options

3. **Assist in cultivating a comprehensive telecommunication system**
   - Promote region-wide access to telecommunications (broadband, cellular)
   - Encourage improved speed and quality of telecommunications infrastructure

4. **Explore and promote a sustainable and economically competitive approach to energy supply**
   - Promote competitive reliability and cost of energy
   - Promote a diversified and sustainable energy portfolio

5. **Facilitate a collaborative approach to municipal infrastructure**
   - Promote coordinated administration of regional water and sewer infrastructure to achieve competitive rates
   - Encourage coordinated water and sewer infrastructure planning

RPI STRATEGIES

Advance regional communication and collaboration

1. **Further RPI organizational development**
   - Establish bylaws
   - Examine membership and structure
   - Connect sectors via communication, collaboration, and information sharing
   - Establish RPI as clearinghouse (network versus an extra step)
   - Create regional brand, identity, and image
   - Establish criteria for addressing policy issues

2. **Encourage collaboration among public and nonprofit sectors**
   - Develop or replicate organizational collaboration model for Region 8 to meet needs in a cost-efficient way
   - Develop a platform for regular information sharing among the five sectors (learn what others are doing; process for regular information sharing meetings)
   - Encourage coordinated strategic asset management across all seven counties
   - Explore tribal strategies
   - Collaborate on state and federal grants and projects to ensure projects are shovel-ready (e.g., letters of support)
   - Encourage emergency management at a regional level

3. **Strengthen the interface between the Regional Prosperity Plan and local plans**
   - Develop a model for creating plans that fit within the regional strategy
   - Align with state and federal agencies to inform them about RPI goals
   - Encourage individual municipal strategies are tied to the regional prosperity plan (including planning)

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The Subcommittee Process was at the heart of the Collaborative project selection. Uniquely, the asset inventory and refined goals/opportunities were used by the Subcommittee to define Project Areas ... that were presented to regional partners with requests for project proposals that would align with the specific Project Areas. The Subcommittee then prioritized all project proposals for Committee selection.

Priority Project Areas

COMMUNITY DEVELOPMENT

- No common media system within southwest Michigan to communicate

- Contaminated/blighted property redevelopment; create "redevelopment-ready" property

- Regional parks/recreation system plan (potentially including non-motorized pathways)

- Promote a system that supports the growth, processing, purchase, and distribution of regional food.

EDUCATION

- Infrastructure development and inter-connectivity to better support education, training, and employment

- Support work of, and develop a communication conduit for, existing education organizations to coordinate internships and apprenticeships

- Rebuild and focus assets on developing infrastructure for reaching adult illiterate population.

- Promote the coordination, and encourage a larger number , of internships, apprenticeships, and across the region and across the continuum of learners within the outside the formal school structure

RPI STRATEGIES

- Facilitate interconnectivity between partners of the Regional Prosperity Initiative.

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The projects awarded funds in 2015 were selected based upon the following criteria:

- *Critical in achieving a goal of the Prosperity Plan*
- *Supports the building and maintaining of regional collaboration*
- *Geographic scope*
- *Potential for early success to build momentum*
- *Access to funding*

These first projects to gain the support of the partners of the Region 8 – RPI Collaborative are success stories of the Initiative and represent the ability of Region 8 to understand the power of a common vision and strategy for economic prosperity.

RPI STRATEGIES PROJECTS

Regional Communication Software:
Develop a software tool that will allow RPI partners to share in project management, communication, and the distribution of important information that will help to form future partnerships. This tool will be used to invite organizations within the Region to participate in projects that match their organizational goals and strategies. This tool will also allow for projects to be conducted and regular updates provided without cumbersome face to face meetings.

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

The Regional Dashboard represented an early hurdle for Region 8. As a result, targeted efforts were made in 2015 to ascertain desired dashboard parameters and production options that would be cost-effective and allow for ease of use and maintenance. Region 8 has been working with Purdue University in the development and successful launch of the dashboard.
2016

Dashboard Development

RPI Staff Works with State Regions to Identify Dashboard Parameters

Use of Asset Inventory to Build and Improve Regional Dashboard

Collaboration with Regions 3 & 4 on Dashboard Development

Successful Launch of Regional Dashboard

2015

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.

Next Steps

Region 8 – RPI Collaborative is energized by the successes of 2015 and prepares to gauge the readiness for the 'next steps'. With the adoption of the 5-Year Prosperity Plan – Volume 2 and the expenditure of funds on supported action strategies . . the Collaborative will explore how best to continue its work toward fostering regional economic prosperity.

YEAR 1

In addition to meeting RPI Tier 1 requirements, the Region 8 RPI Collaborative experienced several fundamental successes key to working within the Regional Prosperity Initiative.

- Regional partners worked hard to find the unique role that the RPI Collaborative could fill in Region 8 and see the work of the Collaborative in the context of existing regional collaboration.

- Familiarity and trust was built both between regional partners and the organizations they represent.

- The Collaborative focused on building the foundations on which Year 2 action strategies would be based . . for successful long-term working relationships.

YEAR 2

Region 8 continued through Year 2 as an RPI Collaborative (Tier 1) with a focus on developing and funding action strategies of regional significance that implement the 5-Year Prosperity Plan. With the adoption of Volume 2 of the Plan that sets forth identified action strategies, the Collaboration will:

- Communicate and Disseminate the 5-Year Prosperity Plan – Volumes 1 & 2

- Fund and Monitor Selected Projects

- Initiate RPI Strategies Project: Regional Communications Software

- Determine 'Next Steps'

YEAR 3 ... AND BEYOND

The RPI Collaborative will focus its 'next step' discussions on the following:

- The future of the Collaborative

- Expenditure of funds not earmarked for selected projects

- Asset Inventory needs (ie. Talent Asset Map, etc.)

- Measuring progress/impact of action strategies

Southwest Michigan is recognized as a region where successful, thriving, and innovative people, businesses, and communities prosper through sustainable practices and collaborative development.
